Blueprint

## PROFILE

Aspiring web developer, highly motivated to expand my skillset and coding experience. Inquisitive and hard working, I embrace the challenge of creating complex applications and solving smaller, incremental problems alike. My academic and professional backgrounds illustrate my strong record of critical thinking and analytical ability, adaptability and the capacity to learn and apply new concepts quickly.

## EMPLOYMENT HISTORY

### Admin Assistant, Glued Limited

Warwick

Oct 2021 — Present

Part-time role "cleansing" and sourcing additional information for a large dataset of business contacts on behalf of the Worcestershire Libraries Business and IP Centre.

### IT Assistant, Beauhaus / Tim Illston

Warwick

Jul 2021 — Present

Employed part-time to assist the owner with various IT and administrative tasks involved in the establishment of his new business. Projects include the development of a new website and contact/supplier database.

### Property Broker, Ellis Brown Properties

Cape Town

Jun 2016 — May 2021

Involved in the letting / sale of commercial and industrial property within Cape Town and the broader South African property market. Duties entailed: client engagement, preparation of property fact sheets and marketing material, drafting of sale and lease agreements, financial and operational analysis, as well as various ad hoc technical and administrative functions within the company. Responsible for developing the company website, a property stock management application/database, as well as a number of smaller tools used by the company on a daily basis.

### Economics Tutor, University of Cape Town

Cape Town

2015

UCT tutor for 3rd year courses: Advanced Micro and Macro Economics (ECO3020F) and Quantitative Methods in Economics (ECO3021S). Involved hosting weekly tutorials and workshops, grading assignments and essays, providing ad-hoc support to students etc.

### IT Consultant

Cape Town

2014 — 2015

Part time IT consultant role involving the sourcing and installation of hardware, backup and restoration of data, miscellaneous technical support etc.
